STEWARDSHIP

A biblical world view of stewardship can be consciously defined as: "Utilizing and managing all resources God provides for the glory of God and the betterment of His creation." The central essence of biblical world view stewardship is managing everything God brings into the believer's life in a manner that honors God. Each month for the next quarter we will be bringing you stewardship ideas. This month is **Stewardship of the Earth.**

- Eliminate Styrofoam and the use of other non-recyclable materials at all church events.
- Start recycling at the church.
- Offer recycling of batteries, CFL bulbs, old paint and other hard to recycle items. Have a team of members who will regularly take the items to your recycling center.
- Evaluate your landscaping and look for low water using plant alternatives.
- Do an energy audit of your building.
- Use timers for lights and programmable thermostats.
- Consider use of alternate fuels or methods for heating and cooling and for warming water.
- Community garden on unused land.
- Sponsor a "clean-up day" for a portion of your town- such as a park, recreation or trail area.

Many thanks to Joe Hedges and Jana Terrell for this information
