## HOW TO SUCCEED

*By Ralph Waldo Emerson*

To laugh often and love much; to win the respect of intelligent persons and the affection of children; to earn the approbation of honest critics; to appreciate beauty; to give of one's self; to leave the world a bit better, whether by a garden patch or a redeemed social condition; to have played and laughed with enthusiasm and sung with exultation; to know even one life has breathed easier because you have lived - that is to have succeeded.

**No person was ever honored for what he received. Honor has been the reward for what he gave.**
